

Course Search in ASSIST

What is Course Search?

- A summary in ASSIST that reports comparable course(s) at other colleges.
- When faculty chooses to propose a course that is for CSU GE or IGETC, they are required to locate another community college with a comparable course on their GE pattern.

How:

- Web site is <http://www.assist.org/>
- Click on [ASSIST Information Center](#)
- Click on <http://info.assist.org>
- Place your cursor on [Database](#)
- Click on [ASSIST Maintenance Reports](#)
- Click on [Click here to go to the ASSIST Maintenance Reports](#)
- User name : **FULLERTONFAC**
- Password: **Maroon** (cannot be changed)
- On the left menu bar click on: [course search](#)
- Under “institutions” select and click on: [All Community College Campuses](#)
- Type in [Search in the course title:](#) i.e. “[Introduction to Shakespeare](#)”
- Include [min. and max.](#) units
- Select [Courses With Any IGETC Qualification](#)
- Click on [continue](#) button
- Click on [curr](#) to view the General Education area
