    A. PSLO revisions CC approval needed: none at this time

    B. DE Addenda CC approvals: MUS 291 F; MUS 292 F   **TABLED**

    C. Addition of "or" between SOC 290HF and SOC 295 F in Restricted Electives on the recently-state-approved Social Work and Human Services ADT   **MSU**

    SOC 295 F was approved for the same C-ID descriptor as SOC 290 F. That would mean if both courses are included in a program there would need to be an "or" between the two courses.

VI. **Proposal Agenda (attachment)**   **MSU**

VII. **Announcements/Informational Items:** *(John Ison, Chair)*
   A. Brown Act Updates
      John presented a website with information about the changes to the Brown Act starting January 1, 2023. https://www.procopio.com/brown-act-changes-starting-january-1-2023/
   B. Fall 2024 proposal deadline and upcoming UC/TCA deadline
      February 1st is the deadline for Fall 2024 proposal deadline, that is not to say that any proposals that are launched after the deadline will be an issue, but the more you delay the less chance we will be able to send it to CSU and IGETC in November.
   C. CalGETC and Common Course Numbering Update
      The UC voted to endorse CalGETC on the condition that oral communication courses have college writing, English composition class, as a pre-requisite. We have until the end of May for all three academic senates, community college, CSU, and UC to endorse or approved of CalGETC by name as is.
   D. CurricUNET Trainings (for originators and reps)
   E. Faculty Senate and DCCC updates
   F. Board of Trustees and Class Sizes
      John shared a document with the committee about lowering class size. The document was sent as an attachment for the committee to review.
   G. Other updates

VIII. **Tech Review Clarification/Updates:** (*Guy Dadson*, *Technical Review Chair*)

   A. Dr. Olivo will appear sometime around 230pm.

X. **Students and Catalog Rights:** (*John Ison, Curriculum Chair*)
   John shared a document with the committee about catalog rights on retroactive awards. The idea is that if a student took classes, but never applied for graduation. Then come back several years later, we would award them that degree. This document was a first read.

XI. **Requisites on Programs in CNET**: (*Matt Taylor, Guided Pathways*)
   The Guided Pathways office returned to the curriculum committee to discuss the topic of adding pre-requisites to their program maps in order to provide transparency for students. After doing some research they realized that most colleges are mapping their requisites. They are mapping and talking about their requisites in their catalog as part of the overall guided pathways and student equity initiative that are at the state related to student transparency. Matt Taylor did a presentation on requisites and why program mapper should include them. He provided examples of what the map will look like with the pre-requisites and without.

   MSU for the landing page on program mapper to include pre-requisites. Guided Pathways will also include a map without pre-requisites. Discipline faculty will have a choice if they would like to map their pre-requisites.
