VII. Proposal Agenda (attachment) ACTION ITEM (VOTE)

VIII. Announcements (John Ison, Chair) INFORMATION ITEM (NO VOTE)

- A. After October 1, 2025: Focus on processing proposals with a Fall 2027 effective date.
 - Due to the earlier registration for Fall, we must obtain Board approval by the end of the year.
- B. Fall 2027 deadlines/target dates
 - October 2025: Deadline for BOT approval of all CCN Phase 2A courses (MUST go to Cal-GETC in November)
- C. October 1, 2025: UC TCA/Cal-GETC course (Fall 2027 effective date) prelaunch target date
- D. Other announcements

IX. Tech Review Clarification/Updates: (Guy Dadson, Technical Review Chair) INFORMATION ITEM (NO VOTE)

X. (First Read) Reviewing Faculty Senate's Feedback on the CC-approved CPL Catalog Statement INFORMATION ITEM (NO VOTE)

- A. Our revised catalog statement makes it clear that departments determine what is acceptable.
- B. Faculty Senate suggested changes to the catalog statement.
- C. What follows is a summary of Faculty Senate's suggestions for revision. Please note that they involve revision of the catalog statement, but the suggestions also pertain to the development of a CPL website and a standard student application form.
- D. Senate feedback:
 - This concerns a student's application form to obtain CPL credit. There should be language showing how students could access the form, and there should be one form, like a course substitution form. Every department on campus should have the same form.
 - Make the CPL web page student friendly. Check out some CPL web pages from other community colleges.
 - There is no CPL information page developed yet. It might be good to add something to the effect of "the upcoming CPL information page on the college website."
 - The catalog's "Credit for Military Training" page needs to be updated to reflect FC's revised local Associate Degree, as Area 7 is now "Lifelong Learning and Self-Development..."

XI. Lower-Division GE for Baccalaureate Degrees: Title 5 Revision

- A. Please note: this item was tabled on September 17. Unless the committee objects, it might be best to have another chance to discuss the item before a formal vote.
- B. Context: Section 55092 (5)(f): "Students who have completed the California General Education Transfer Curriculum (Cal-GETC) shall be deemed to have fulfilled lower division baccalaureate degree requirements, and shall not be required to complete further lower division general education courses."
- C. Consider the following proposal:
 - Cal-GETC as FC's lower-division GE pattern, or the option of Cal-GETC OR the local Associate Degree pattern as the lower-division GE baccalaureate pattern.

- It's important that the curriculum committee take the motion, if made, to their constituents, and bring their feedback to the committee.
- D. Once approved by the curriculum committee, Faculty Senate and Board of Trustees, BP 4100 and AP 4100 must be revised.

XII. (First Read) Fall 2025 Handbook Revisions

- A. First read and discussion: October 1 meeting.
- B. Changes made in this handbook revision:
 - Links checked/updated
 - Removal of references to CSU GE and IGETC
 - The update of local Associate Degree (and its areas)
 - The inclusion of Cal-GETC (and its areas and approval timeline),
 - Common Course Numbering (process, timeline, context and assorted details)
 - Addition of the catalog language for Credit for Prior Learning
- C. We are very likely purchasing a new curriculum management system effective Spring 2026, so a more extensive update of the FC Curriculum Handbook should wait until the new system has been implemented.

XIII. Review of the Associate GE Designation of Courses Denied Cal-GETC Approval *(Scott Lee, Articulation Officer)*

XIV. Common Course Numbering (CCN) Timeline: INFORMATION ITEM (NO VOTE)

- A. Phase 2B CCN templates have been published. They are effective Fall 2027, and they must be in the 2027-2028 catalog.
- B. All Phase 2B course revision proposals are in CurricUNET.
- C. Phase 3 CCN templates are scheduled to be published in early 2026, with an effective date of Fall 2027.
- D. The curriculum committee should be open to fast-tracking and going outside the CNET process to comply with AB 1111.
 - Phase 2B CCNs, if prelaunched by October 2025, should be able to go through the regularly-scheduled approval process. However, the limited time given for Phase 3 CCNs requires fast-tracking in order to meet the June 1 UC TCA deadline.
- E. Procedural Reminders:
 - We add the required CCN elements to our active courses in creating CCN courses.
 - We copy the active courses and prelaunch "course major revisions," according to the Chancellor's Office and ASCCC.
 - We don't create "course deactivation" proposals for the "legacy" courses, since they remain "the same course," only with course number and title (and/or prefix) and CCN elements added. Instead, the "legacy" courses should be made "historical" in an administrative manner.
- F. District Workgroup continues to meet re: implementing CCNs in Banner, catalog, schedule, DegreeWorks, counseling and Admissions and Records, etc.
- G. Given the vast scope of the impacts, and the time constraints involved, CC, DCCC and BOT continue to approve "batches" of courses and programs impacted by Phase 2 (A and B) and 3 CCN course revisions.
 - CC, DCCC and BOT agendas will contain tables listing the impacted courses and programs.
 - Changes will be made administratively to CurricUNET, Banner, DegreeWorks and other technologies involved with curriculum.

- Non-CCN courses with CCN course requisites: This school year, we are allowed to make updates without sending the non-CCN courses for re-articulation.

- H. The state chancellor's office will allow us to update ADTs for CCN Phase 2A, 2B and 3 without COCI submission. We will need to complete a form, just as we did for Phase 1 in May 2025. The Chancellor's Office will issue the form soon.
- I. Other community colleges are changing their prefixes (POSC to POLS; SOC to SOCI)
- J. Please remember that non-CCN 4-digit numbers start with x400 (as in 1400+, 2400+, 3400+). CCN 4-digit numbers go from Cx000 to Cx399 (as in C1000, C1399).
