Proposal Agenda (attachment): ACTION ITEM (VOTE)

VII. Announcements: *(John Ison, Chair)*

- A. First Week in February: "Target Date" for pre-launching Fall 2027 curriculum
- B. Wednesday, March 18 is the last CC meeting to have UC TCA (UC transfer) curriculum approved.
 - In order to be sent to UC TCA on June 1 (the once-a-year deadline), curriculum must be Board approved by May 2026 at the very latest.
- C. Curriculum Committee Three-Year Terms Ending in Spring 2026: Please let me know ASAP if you wish to serve another term, or if your division has chosen someone else. Once I have names, I will send them to Faculty Senate for elections.
 - Rep, Business/CIS
 - Rep, Counseling
- D. Coursedog Transition Status Update
 - Reminder: Please save all attached documents (narratives/advisory minutes/recommendations/LMI data) from curriculum. Let's not expect Coursedog to migrate attachments...only CNET data. (It's better to be safe than sorry.)

- CurricUNET pause for Coursedog transition: tentatively scheduled May 2026
- I strongly recommend NO MORE PRELAUNCH OF PROPOSALS in CurricUNET. Please wait until the fall, when we expect Coursedog to be the curriculum management system.
- At the 3/16/2026 DCCC meeting, the vice-chancellor assured me that she will not end the CurricUNET contract before we need the records to populate Coursedog.

E. Other announcements

VIII. Tech Review Clarification/Updates: (Guy Dadson, Technical Review Chair)

IX. Brown Act Updates as of 2026

A. Effective January 2026, the state implemented numerous changes. Some changes are effective July 2026.

B. Here are key changes:

- Brown Act bodies (such as the curriculum committee and Faculty Senate) may no longer meet strictly in person. There must be a remote option for the public.
- We must have a remote option for those allowed accommodations (ADA, etc).
- As long as a meeting has an in-person quorum, members may attend remotely (via Zoom, for example) up to 5 times per year (a total of 2 semesters), but “just cause” must be mentioned in the minutes.
 1. A quorum for a Curriculum Committee meeting: 6 out of 11 curriculum reps in attendance
- Meetings, agendas, and attachments must be accessible to the public, which includes translation into non-English languages upon request.
- Please consult the attachments for further information.
- Faculty Senate will raise this topic at the state’s Spring Plenary session in order to gain further clarification on the legal requirements and implementation process.

X. 2026 TOP/CIP Code Transition

- A. By the end of the year, we must update the CIP codes in our curriculum management system. We will use a new TOP/CIP crosswalk to determine codes.
- B. By summer 2027, TOP will no longer be used.
- C. Curriculum reps, chairs and deans should work closely with faculty in revising curriculum to reflect the updated CIP codes.
- D. Fullerton and Cypress should be in communication with each other. Where TOP and/or CIP codes are different, this should be noted.
- E. Reps should work with department/discipline faculty and deans to go through all of their courses and programs in CurricUNET.
- Compare the listed TOP/CIP with the revised TOP/CIP crosswalk.
 - If there are changes in TOP/CIP to be made, keep a record of the course and/or program, the current TOP/CIP and the new TOP/CIP to be updated.
 - It would be best for each division compile a spreadsheet listing courses/programs, whether there is a change in either/or TOP and CIP, and what the new codes should be.
 - If Coursedog is implemented in fall 2026, it would be possible to create a fast-track approval process to enter the new TOP and CIP crosswalk codes before the 2027 cut off date.
 - The new/updated CIP code would be entered into COCI as a “non-substantial change,” and not requiring a new control number.

- It's important to note that the new TOP/CIP crosswalk (see link below) specifies whether a TOP and CIP code is "CTE" or "Not CTE." In some situations, a non-CTE CIP is paired with a CTE TOP code, based on the "old" crosswalk found in curriculum.fullcoll.edu. If CIP is centered, and it is non-CTE, it could make a big difference in whether a program would require OCRC recommendation and LMI data.

XI. Class Size Planning and Resource Document Revision (INFORMATION ITEM: DISCUSSION ONLY)

A. DCCC has tasked curriculum committees with creating class size document language (and numbers) for the following categories:

- Honors courses
- Performance Activity
- Courses with Safety Requirements
- Upper division (baccalaureate degree) courses

B. Question to consider: are we willing to raise class sizes in current categories to establish categories with lower class sizes?

C. Please remember that the addition of categories with lower class sizes requires careful consideration of enrollment needs and challenges.

D. Please rest assured that discussion and approval will involve each district campus's curriculum committees, Faculty Senates, United Faculty, DCCC and the Board of Trustees, and possibly others. Your input is valuable.

XII. CSCI 190 F New Course Proposal: (*Abraham Romero Hernandez, Math/CSCI, and Andrew Clifton, CSCI department coordinator*)

A. Professor Clifton will arrive shortly after 3pm.

B. This course is part of the "fast track" approval in order to meet the June 1 2026 UC TCA submission deadline, and we must have an approval vote today or the proposal waits a full year for the UC TCA submission deadline in 2027.
