XI. The Relationship Between the Curriculum Committee and Faculty Senate re: Curriculum (INFORMATION ITEM-NO VOTE)

A. Intention: Document and clarify processes (Faculty Senate and Curriculum Committee)
   - On October 14, Faculty Senate President and Curriculum Chair will meet to draft a document

B. Summary: Official Relationship between Faculty Senate and the Curriculum Committee
   - It's documented at Cypress College (constitution and by-laws).

C. Current examples of Curriculum-Related Topics that Bypass Curriculum Committee:
   - Faculty-Senate-run Program Discontinuation Committee
   - Faculty Senate (advance state application) approval required of Baccalaureate Degree (not CC)
   - Class Size Document Workgroup (district/union/Faculty Senate/Curriculum Committee)
   - ASCCC Consultations and Site Visits (Faculty Senate with Curriculum Committee invited to participate)

D. Continued discussion from the Curriculum Committee

XII. Lab Hour Revisions Due to SCFF Project

A. Faculty Senate resolution passed in May 2026: FS will support the curriculum committee as it works with the Office of Institutional Research and the Vice President of Instruction, faculty, deans and other stakeholders in changing course hours.

B. New state funding formula results in lowered FTES for "dangling lab hours"
   - The new funding formula shifts focus from weekly contact hours to semester total hours (lecture and lab): no more "rounding down" 1 unit lab to zero.
   - 1 unit lecture per term=18 hours lecture. 1 unit lab per term= 54 hours lab. Add the two together to get the standardized total hours.
   - Standardized total hours (lecture plus lab) x total number of students in a section at census date DIVIDED BY 525=FTES.

C. Some departments are willing to make changes, but others are not. Some have suggested that the changes be made through the usual curriculum approval process.

D. After October 7, lab hour revisions to accommodate the SCFF will have an effective term of Fall 2028, and will not be "fast-tracked."
